

BULLYING

It is the policy of this school district that bullying of students by other students, personnel, or the public will not be tolerated. Students are expected to be civil, polite, and fully engaged in the learning process. Students who act inappropriately are not fully engaged in the learning process. This policy is in effect while the students are on school grounds, in school vehicles, at designated bus stops, at school-sponsored activities, or at school-sanctioned events, and while away from school grounds if the misconduct directly affects the good order, efficient management, and welfare of the school district. Bullying of students by electronic communication is prohibited whether or not such communication originated at school or with school equipment, if the communication is specifically directed at students or school personnel and concerns harassment, intimidation, or bullying at school. The school district is not required to provide educational services in the regular school setting to any student who has been removed from a public school or private school in Oklahoma or another state by administrative or judicial process for an act of using electronic communication with the intent to terrify, intimidate or harass, or threaten to inflict injury or physical harm to faculty or students.

As used in the School Safety and Bullying Prevention Act, "bullying" means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student. Such behavior is specifically prohibited.

In administering discipline, consideration will be given to alternative methods of punishment to ensure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance:

1. Conference with student
2. Conference with parents
3. In-school suspension
4. Detention
5. Referral to counselor
6. Behavioral contract
7. Changing student's seat assignment or class assignment
8. Requiring a student to make financial restitution for damaged property
9. Requiring a student to clean or straighten items or facilities damaged by the student's behavior
10. Restriction of privileges
11. Involvement of local authorities
12. Referring student to appropriate social agency or to a delinquency prevention and diversion program administered by the Office of Juvenile Affairs
13. Suspension
14. Performing Campus-site services for the school district
15. Other appropriate disciplinary action as required and as indicated by the circumstances which may include, but is not limited to, removal from eligibility to participate or attend extracurricular activities as well as removal from the privilege of attending or participating in the graduation ceremony, school dances, prom, prom activities, and/or class trips.

BULLYING (continued)

Harassment set forth above may include, but is not limited to, the following:

1. Verbal, physical, or written harassment or abuse;
2. Repeated remarks of a demeaning nature;
3. Implied or explicit threats concerning one's grades, achievements, etc.;
4. Demeaning jokes, stories, or activities directed at the student;
5. Unwelcome physical contact.

The superintendent shall develop procedures providing for:

1. Prompt investigation of allegations of harassment;
2. The expeditious correction of the conditions causing such harassment;
3. Establishment of adequate measures to provide confidentiality in the complaint process;
4. Initiation of appropriate corrective actions;
5. Identification and enactment of methods to prevent reoccurrence of the harassment; and
6. A process where the provisions of this policy are disseminated in writing annually to all staff and students.

A copy of this policy will be furnished to each student and teacher in this school district via the school website at www.woodall.k12.ok.us.

THIS POLICY REQUIRED BY LAW.

DISCRIMINATION, HARASSMENT, AND RETALIATION

Woodall Public Schools is committed to providing all students and employees with a safe and respectful school environment. Both state and federal law specifically prohibit harassment of or by employees and students in connection with the district.

The district prohibits discrimination, harassment or retaliation based on real or perceived race, color, sex, pregnancy, gender, gender identity or expression, national origin, religion, disability, veteran status, sexual orientation, age, or genetic information. This prohibition applies to students, employees and board members in any aspect of the district's programs, including during school hours, extracurricular activities, school sponsored events, or outside of school hours if the conduct affects the education or working environment.

Definitions

“Employee” for purposes of this policy, includes all district employees, board members and volunteers.

“Student” refers to any person who is enrolled in any district school or program.

“Discrimination” means unfair treatment which is based on a person's real or perceived race, color, sex, pregnancy, gender, gender identity or expression, national origin, religion, disability, veteran status, sexual orientation, age, or genetic information.

Examples of discrimination include, but are not limited to: Refusing to consider a person for a position or declining to enroll a student in a program based on legally discriminatory factors. Harassment can be a specific form of legally prohibited discrimination.

“Harassment” means repetitive, unwelcome conduct which is based on a person's real or perceived race, color, sex, pregnancy, gender, gender identity or expression, national origin, religion, disability, veteran status, sexual orientation, age, or genetic information.

Examples of harassment include, *but are not limited to*: slurs, epithets, insults, jokes or derogatory comments; verbal or physical abuse; intimidation (physical, verbal or psychological); impeding or blocking a person's movement; hate speech or actions directed at protected categories or characteristics such as a person's color, age, religion, or disability; unwelcome touching, crude jokes or pictures, discussions of sexual experiences; teasing related to sexual, racial, age, religious, physical, mental or other characteristics involving protected categories; pressure for sexual activity whether written, verbal or through physical gestures, display or sending of pornographic or other demeaning pictures or objects; obscene or hateful graffiti, and spreading rumors related to a person's alleged sexual, religious, physical or mental activities. Demeaning comments about a student's ability to excel in a class historically considered a “boy's” or a “girl's” subject may also constitute harassment. These descriptions are examples of conduct which may violate the district's policy. In determining whether conduct harasses another individual the totality of circumstances will be considered, the extent to which an alleged offender knew or should have known that the conduct was unwelcome, and whether the conduct is isolated or persistent—among other factors.

“Sexual harassment” is a type of harassment which includes unwelcome sexual advances, requests for sexual favors, or other verbal or physical conduct of a sexual nature which:

- is made an explicit or implicit term or condition of an employee's employment or a student's ability to obtain an education; or
- is used as a basis for decisions impacting either an employee's employment or a student's education; or
- has the purpose or effect of unreasonably or substantially interfering with an employee's work performance or a

DISCRIMINATION, HARASSMENT, AND RETALIATION (Cont.)

student's educational performance, or creating an intimidating, hostile, or offensive environment.

In order to constitute sexual harassment, the conduct at issue must be unwelcome. Sexual conduct between minor students and employees will always be considered unwelcome. Sexual harassment also includes conduct such as rape, sexual assault, stalking, and any other form of sexual violence.

Sexual harassment may occur between persons of the same gender or sex.

Nothing in this policy precludes legitimate, nonsexual physical contact to avoid physical harm to persons or property.

Importantly, sex discrimination and sexual harassment are fully covered by the district's separate policy "Title IX – Sex Discrimination and Sexual Harassment".

"Retaliation" is any negative conduct which is taken in response to an individual's complaint of harassment or discrimination, or participation in any investigation of a harassment or discrimination complaint.

Reporting

Students who have been harassed or discriminated against, or who witness such conduct, are encouraged to report the offensive conduct to any teacher, counselor, administrator, or board member.

Employees who witness, suspect or receive a report of harassment or discrimination must immediately report the incident to the appropriate discrimination coordinator or superintendent – even if that report must be made after hours to the coordinator's or superintendent's home, cell phone, or email.

Any employee who receives a harassment, discrimination or retaliation report will immediately refer the matter to the appropriate discrimination coordinator or superintendent, unless the superintendent or coordinator is the alleged offender. In such circumstances, the complaint should be referred to a different discrimination coordinator, the board president, or the district's legal counsel. To ensure impartiality, no person who is the subject of a complaint shall conduct or be involved in any investigation into the improper conduct.

If possible, reports should be made in person and/or in writing, and be signed by the reporting party. However, in order to encourage full, complete and immediate reporting, any person may report such incidents anonymously in writing by mailing the report to the personal attention of the appropriate discrimination coordinator or the superintendent. All reports should state:

- the name of the alleged harasser;
- the person(s) being harassed;
- the nature, context and extent of the prohibited activity;
- the dates of the prohibited activity, and;
- any other information necessary to a full report and investigation of the matter.

Any employee who is subjected to job related sexual harassment is entitled to protection under Title VII of the Civil Rights Act of 1964 and the Oklahoma Anti-Discrimination Act. Individuals may simultaneously report an allegation of this type of

DISCRIMINATION, HARASSMENT, AND RETALIATION (Cont.)

misconduct to school officials and to the United States Department of Education Office of Civil Rights, United States Equal Employment Opportunity Commission, the Oklahoma Human Rights Commission, or local law enforcement.

Administrative Response

The district will promptly, thoroughly and impartially investigate all reports of harassment and discrimination. This process will include:

- A statement from the individual who was allegedly harassed;
- Appropriate and reasonable steps to separate and protect both the alleged victim and alleged harasser pending conclusion of the investigation and necessary remedial action;
- Reasonable updates to the alleged victim of the investigation's progress, subject to federal and state laws and regulations;
- Interviews with the alleged harasser, alleged victim and witnesses; and
- Review of relevant documents or other evidence, including district files and records.

The district will review all relevant facts and take into account the totality of the circumstances - including the nature, extent, context and gravity of the activities. At the conclusion of this process, the superintendent, in conjunction with the discrimination coordinator, will issue findings based on the preponderance of the evidence and take appropriate measures, including but not limited to: education, information on available outside resources, training and counseling, transfer, suspension, and any other appropriate remedy under the circumstances. Employees may also be terminated for engaging in harassment, discrimination or retaliation.

Confidentiality shall be maintained during and after the investigation to the extent reasonably possible. However, public disclosure of personal or confidential employee information may be made during the course of any suspension, dismissal, non-renewal hearing or resulting litigation.

Complainants may choose to utilize the district's "Grievance Procedure for Filing, Processing and Resolving Complaints Alleging Discrimination, Harassment and Retaliation" when seeking to make a formal filing and pursue a formal complaint process. Similarly, complainants asserting sex discrimination and sexual harassment should review and may choose to utilize the district's "Title IX – Sex Discrimination and Sexual Harassment" policy and procedures.

Penalties

Penalties shall be imposed based on the facts taken as a whole and the totality of the circumstances such as the nature, extent, context and gravity of such activities or incidents. Any disciplinary decision will be made as a proportional response to the violation.

Any employee or student engaging in harassment, discrimination or retaliation will be subject to any and all disciplinary action allowed by school policy and Oklahoma law.

PROHIBITING BULLYING (INVESTIGATION PROCEDURES)

The following procedures will be used by any person for the filing, processing, and resolution of a reported incident of harassment, intimidation, bullying, or threatening behavior. The procedures are to be followed by the administration of the school district in an effort to determine the severity of the incident and the potential to result in future violence.

Definitions

“Bullying” means any pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

“Electronic communication” means the communication of any written, verbal, pictorial information or video content by means of an electronic device, including, but not limited to, a telephone, a mobile or cellular telephone or other wireless communication device, or a computer.

“Threatening behavior” means any pattern of behavior or isolated action, whether or not it is directed at another person, that a reasonable person would believe indicates potential for future harm to students, school personnel, or school property.

Procedures

The procedure for investigating reported incidents of harassment, intimidation, and bullying or threatening behavior, is as follows:

1. The matter should immediately be reported to the building principal. If the bullying involved an electronic communication, a printed copy of the communication as well as any identifying information such as email address or web address shall be provided to the building principal. As much detailed information as possible should be provided to the building principal in written form to allow for a thorough investigation of the matter.
2. Upon receipt of a written report, the building principal shall contact the superintendent and begin an investigation to determine the severity of the incident and the potential for future violence.
3. If, during the course of the investigation, it appears that a crime may have been committed, the building principal and/or superintendent shall notify local law enforcement and request that the alleged victim also contact law enforcement to report the matter for potential criminal investigation.
4. If it is determined that the school district's discipline code has been violated, the building principal shall follow district policies regarding the discipline of the student. The building principal shall make a determination as to whether the conduct is actually occurring.
5. Upon completion of the investigation, the principal or superintendent may recommend that available community mental health care substance abuse or other counseling options be provided to the student, if appropriate. This may include information about the types of support services available to the student bully, victim, and any other students affected by the prohibited behavior. If such a recommendation is made, the administration shall request disclosure of any information that indicates an explicit threat to the safety of students or school personnel

INVESTIGATION PROCEDURES (Con't)

provided the disclosure of information does not violate the provisions or requirements of the Family Educational Rights and Privacy Act of 1974, the Health Insurance Portability and Accountability Act of 1996, Section 2503 of Title 12 of the Oklahoma Statutes, Section 1376 of Title 59 of Oklahoma Statutes, or any other state or federal laws relating to the disclosure of confidential information.

6. Upon completion of an investigation, timely notification shall be provided to the parents or guardians of a victim of documented and verified bullying. This information should be provided within three days of the conclusion of the investigation.

7. Upon completion of an investigation, timely notification shall be provided to the perpetrator of the documented and verified bullying. This information should be provided within three days of the conclusion of the investigation.

Reports may be made anonymously. However, no formal disciplinary action shall be taken solely on the basis of an anonymous report. Reports shall be made immediately to the building principal by any school employee that has reliable information that would lead a reasonable person to suspect that a person is a target of bullying.

The Superintendent shall be responsible for enforcing this policy. The building principal should notify the superintendent within twenty-four (24) hours of any report of bullying. Upon completion of an investigation, the building principal should notify the superintendent of the findings of the investigation. Documentation should also be provided to the superintendent to establish that timely notification was provided to the parents of the victim and the parents of the perpetrator.

PROHIBITING BULLYING (REGULATION)

The Woodall Public Schools' student conduct code prohibits bullying. This regulation further explains the negative effects of that behavior and seeks to promote strategies for prevention.

Statement of Board Purpose in Adopting Policy

The board of education recognizes bullying of students causes serious educational and personal problems, both for the student-victim and the initiator of the bullying. The board observes that this conduct:

1. Has been shown by national and state studies to have a substantial adverse effect upon school district operations, the safety of students and faculty, and the educational system at large.
2. Substantially disrupts school operations by interfering with the district's mission to instruct students in an atmosphere free from fear, is disruptive of school efforts to encourage students to remain in school until graduation, and is just as disruptive of the district's efforts to prepare students for productive lives in the community as they become adults.
3. Substantially disrupts healthy student behavior and thereby academic achievement. Research indicates that healthy student behavior results in increased student academic achievement. Improvement in student behavior through the prevention or minimization of intimidation, harassment, and bullying towards student-victims simultaneously supports the district's primary and substantial interest in operating schools that foster and promote academic achievement.
4. Substantially interferes with school compliance with federal law that seeks to maximize the mainstreaming of students with disabilities and hinders compliance with Individual Educational Programs containing objectives to increase the socialization of students with disabilities. Targets of bullying are often students with known physical or mental disabilities who, as a result, are perceived by bullies as easy targets for bullying actions.
5. Substantially interferes with the district's mission to advance the social skills and social and emotional well-being of students. Targets of intimidation, harassment, and bullying are often "passive-target" students who already are lacking in social skills because they tend to be extremely sensitive, shy, display insecurity, anxiety and/or distress; may have experienced a traumatic event; may try to use gifts, toys, money, or class assignments or performance bribes to protect themselves from intimidation, harassment, or bullying; are often small for their age and feel vulnerable to bullying acts; and/or may resort to carrying weapons to school for self-protection. Passive-target victims who have been harassed and demeaned by the behavior of bullies often respond by striving to obtain power over others by becoming bullies themselves, and are specifically prone to develop into students who eventually inflict serious physical harm on other students, or, in an effort to gain power over their life or situation, commit suicide.
6. Substantially disrupts school operations by increasing violent acts committed against fellow students. Violence, in this context, is frequently accompanied by criminal acts.
7. Substantially disrupts school operations by interfering with the reasonable expectations of other students that they can feel secure at school and not be subjected to frightening acts or be the victim of mistreatment resulting from bullying behavior.

PROHIBITING BULLYING, REGULATION (Cont.)

Bullying, often involves expressive gestures, speech, physical acts that are sexually suggestive, lewd, vulgar, profane, or offensive to the education or social mission of this school district, and at times involves the commission of criminal acts. This behavior interferes with the curriculum by disrupting the presentation of instruction and also disrupts and interferes with the student-victim's or bystander's ability to concentrate, retain instruction, and study or to operate free from the effects of bullying. This results in a reluctance or resistance to attend school.

Definition of Terms

1. Statutory definition of harassment, intimidation, and bullying:

70 O.S. §24-100.3(c) of the School Safety and Bullying Prevention Act defines the terms bullying," as including, but not limited to a pattern of harassment, intimidation, threatening behavior, physical acts, verbal or electronic communication; directed toward a student or group of students that results in or is reasonably perceived as being done with the intent to cause negative educational or physical results for the targeted individual or group and is communicated in such a way as to disrupt or interfere with the school's educational mission or the education of any student that a reasonable person should recognize will:

- A. Harm another student;
- B. Damage another student's property;
- C. Place another student in reasonable fear of harm to the student's person or damage to the student's property; or
- D. Insult or demean any student or group of students in such a way as to disrupt or interfere with the school's educational mission or the education of any student.

2. The "Reasonable Person" Standard

In determining what a "reasonable person" should recognize as an act placing a student in "reasonable" fear of harm, staff will determine "reasonableness" not only from the point of view of a mature adult, but also from the point of view of an immature child of the age of the intended victim along with, but not limited to, consideration of special emotional, physical, or mental needs of the particular child; personality or physical characteristics, or history that might cause the child to be particularly sensitive to efforts by a bully to humiliate, embarrass, or lower the self esteem of the victim; and the discipline history, personality of, and physical characteristics of the individual alleged to have engaged in the prohibited behavior.

3. General Display of Bullying Acts

Bullying, for purposes of this section of the regulation, includes harassment and intimidation, and vice versa. According to experts in the field, bullying in general is the exploitation of a less powerful person by an individual taking unfair advantage of that person, which is repeated over time, and which inflicts a negative effect on the victim. The seriousness of a bullying act depends on the harm inflicted upon the victim and the frequency of the offensive acts. Power may be, but is not limited to, physical strength, social skill, verbal ability, or other characteristics. Bullying acts by students have been described in several different categories.

PROHIBITING BULLYING, REGULATION Cont.

- A. Physical Bullying includes harm or threatened harm to another's body or property, including, but not limited to, what would reasonably be foreseen as a serious expression of intent to inflict physical harm or property damage through verbal or written speech or gestures directed at the student-victim, when considering the factual circumstances in which the threat was made and the reaction of the intended victim. Common acts include tripping, hitting, pushing, pinching, pulling hair, kicking, biting, starting fights, daring others to fight, stealing or destroying property, extortion, assaults with a weapon, other violent acts, and homicide.
- B. Emotional Bullying includes the intentional infliction of harm to another's self-esteem, including, but not limited to, insulting or profane remarks, insulting or profane gestures, or harassing and frightening statement, when such events are considered in light of the surrounding facts, the history of the students involved, and age, maturity, and special characteristics of the students.
- C. Social Bullying includes harm to another's group acceptance, including, but not limited to, harm resulting from intentionally gossiping about another student or intentionally spreading negative rumors about another student that results in the victim being excluded from a school activity or student group; the intentional planning and/or implementation of acts or statements that inflict public humiliation upon a student; the intentional undermining of current relationships of the victim-student through the spreading of untrue gossip or rumors designed to humiliate or embarrass the student; the use of gossip, rumors, or humiliating acts designed to deprive the student of awards, recognition, or involvement in school activities; the false or malicious spreading of an untrue statement or statements about another student that exposes the victim to contempt or ridicule or deprives the victim of the confidence and respect of student peers; or the making of false statements to others that the student has committed a crime, or has an infectious, contagious, or loathsome disease, or similar egregious representations.
- D. Sexual Bullying includes harm to another resulting from, but not limited to, making unwelcome sexual comments about the student; making vulgar, profane, or lewd comments or drawings or graffiti about the victim; directing vulgar, profane, or lewd gestures toward the victim; committing physical acts of a sexual nature at school, including the fondling or touching of private parts of the victim's body; participation in the gossiping or spreading of false rumors about the student's sexual life; written or verbal statements directed at the victim that would reasonably be interpreted as a serious threat to force the victim to commit sexual acts or to sexually assault the victim when considering the factual circumstances in which the threat was made and the reaction of the intended victim; off-campus dating violence by a student that adversely affects the victim's school performance or behavior, attendance, participation in school functions or extracurricular activities, or makes the victim fearful at school of the assaulting bully; or the commission of sexual assault, rape, or homicide. Such conduct may also constitute sexual harassment – also prohibited by Woodall Public Schools.

Procedures Applicable to the Understanding of and Prevention of Bullying of Students**1. Student and Staff Education and Training**

All staff will be provided with a copy of the district's policy on prevention of bullying of students. All students will be provided a summary of the policy and notice that a copy of the entire policy is available on request. Woodall Public Schools is committed to providing appropriate and relevant training to staff regarding identification of behavior constituting bullying of students and the prevention and management of such conduct.

Students, like staff members, shall participate in an annual education program that sets out expectations for student behavior and emphasizes an understanding of bullying of students, the district's prohibition of such

PROHIBITING BULLYING, REGULATION Cont.

conduct, and the reasons why the conduct is destructive, unacceptable, and will lead to discipline. Students shall also be informed of the consequences of bullying conduct toward their peers.

2. Woodall Public Schools' Safe School Committee

The safe school committee has the responsibility of studying and making recommendations regarding unsafe conditions, strategies for students to avoid harm at school, student victimization, crime prevention, school violence, and other issues that interfere with an adversely affect the maintenance of safe schools.

With respect to student harassment, intimidation, and bullying, the safe school committee shall consider and make recommendations regarding professional staff development needs of faculty and other staff related to methods to decrease student harassment, intimidation, and bullying and understanding and identifying bullying behaviors. In addition, the committee shall make recommendations regarding: identification of methods to encourage the involvement of the community and students in addressing conduct involving bullying; methods to enhance relationships between students and school staff in order to strengthen communication; and fashioning of problem-solving teams that include counselors and/or school psychologists.

In accomplishing its objectives, the committee shall review traditional and accepted harassment, intimidation, and bullying prevention programs utilized by other states, state agencies, or school districts. (See also policy BDFC.)

Student Reporting

Students are encouraged to inform school personnel if they are the victim of or a witness to acts of harassment, intimidation, or bullying.

Staff Reporting

An important duty of the staff is to report acts or behavior that the employee witnesses that appears to constitute harassing, intimidating, or bullying. Employees, whether certified or noncertified, shall encourage students who tell them about acts that may constitute intimidation, harassment, or bullying to complete a report form. For young students, staff members given that information will need to provide direct assistance to the student.

Staff members who witness such events are to complete reports and to submit them to the building principal. Staff members who hear of incidents that may, in the staff member's judgment, constitute harassment, intimidation, or bullying, are to report all relevant information to the building principal.

Parental Responsibilities

Parents/guardians will be informed in writing of the district's program to stop bullying. An administrative response to bullying may involve certain actions to be taken by parents. Parents will be informed of the program and the means for students to report bullying acts toward them or other students. They will also be told that to help prevent bullying at school they should encourage their children to:

1. Report bullying when it occurs;
2. Take advantage of opportunities to talk to their children about bullying;
3. Inform the school immediately if they think their child is being bullied or is bullying other students;

PROHIBITING BULLYING, REGULATION Cont.

4. Watch for symptoms that their child may be a victim of bullying and report those symptoms; and
5. Cooperate fully with school personnel in identifying and resolving incidents.

Discipline of Students

In administering discipline, consideration will be given to alternative methods of punishment to insure that the most effective discipline is administered in each case. In all disciplinary action, teachers and administrators will be mindful of the fact that they are dealing with individual personalities. The faculty may consider consultation with parents to determine the most effective disciplinary measure.

In considering alternatives of corrective actions, the faculty/administration of the school district will consider those listed below. However, the school is not limited to these alternative methods, nor does this list reflect an order or sequence of events to follow in disciplinary actions. The board of education will rely upon the judgment and discretion of the administrator to determine the appropriate remedial or corrective action in each instance.

1. Conference with student
2. Conference with parents
3. In-school suspension
4. Detention
5. Referral to counselor
6. Behavioral contract
7. Changing student's seat assignment or class assignment
8. Requiring a student to make financial restitution for damaged property
9. Requiring a student to clean or straighten items or facilities damaged by the student's behavior

Other appropriate disciplinary action as required and as indicated by the circumstances which may include, but is not limited to, removal from eligibility to participate or attend extracurricular activities as well as removal from the privilege of attending or participating in the graduation ceremony, school dances, prom, prom activities, and/or class trips.

The above consequences will be imposed for any person who commits an act of bullying as well as any person found to have falsely accused another as a means of retaliation, reprisal, or as a means of bullying. Strategies will be created to provide counseling or referral to appropriate services, including guidance, academic intervention, and other protection for students, both targets and perpetrators, and family members affected by bullying, as necessary.
